

### *Smartphone charging at the table*

The MXH Power Center offers a sleek and easy-to-install solution that mounts directly on surfaces and minimizes cord clutter.

Perfect for desks, nightstands and dressers - adding power and charging whenever it is needed.

2 USB, 5 volt 2.1 amp charging portals are included on the unit for charging mobile devices or tablets. Configurable and compatible with iPad and iPhone devices.

Also provided is an easy to install mounting method which latches on furniture in the guest room with no cutting or drilling required.
