

Composite Luggage Rack

*"It's not wood, it's **better** than wood"*

Add strength and stability with this environmentally friendly luggage rack. This exceptional product is certain to complement any room decor.

When choosing composite over wood, you are choosing a material that is...

- 🌐 Made from a technologically advanced synthetic material that is eco-friendly
- 🌐 More durable and lasts longer than wood. Will not rot, split, splinter or warp
- 🌐 100% water proof in any environment including salt water
- 🌐 Easy to clean

**Custom colors available- orders 248 or more*

**90 Day Lead Time*
